

Information for Walkers

The Mendips and surrounding area is a great place to leave your car and get walking, there are plenty of surrounding hills and countryside to get stuck into, whether it be for a 1 to 2 mile walk or 20 miles plus.

Information

There is a selection of walking books and maps in The Old Milking Parlour to browse through, please feel free to take these with you, but we do ask that they are returned in the condition you found them in. You can find short walks that start from the property and walks that take you a little further afield.

Facilities

An onsite First Aid Kit can be found in the kitchen and we have a boot scraper at the front door. A water tap and hose pipe can also be found at the entrance for that stubborn mud! If you need to dry wet outdoor clothes/boots you have the 'Herdsmans Hut', situated in the play area which has both light and heat and is code accessed.

Information for Cyclists

The Mendips and surrounding area is a great place to leave your car and get cycling, there are plenty of surrounding hills and countryside to get stuck into, whether it be for a 1 to 2 miles or 20 miles plus. There are a couple of bike shops for spares locally, and they will provide advice and enthusiasm when used as information resources.

Information

There is a selection of leaflets and maps in The Old Milking Parlour to browse through, please feel free to take any of these with you, but we do ask that they are returned in the condition you found them in.

Facilities

An onsite First Aid Kit can be found in the kitchen and we have a boot scraper at the front door.

A water tap and hose pipe can also be found at the entrance for that stubborn mud!

If you need to dry wet outdoor clothes/boots you have the 'Herdsmans Hut', situated in the play area which has both light and heat and is code accessed, this is also suitable to store two cycles.
